

Fastenings - Painted Black

Use these fastenings for a polished, efficient installation, and to achieve optimal durability. Nakamoto Forestry does not require the purchase of accessories as part of a lumber package. However, accessories used must meet our installation parameters and local code. Always follow manufacturer installation requirements.

Exteriors must be properly sealed and flashed in a shingle fashion to prevent moisture intrusion and buildup. Always have a design professional review project installation parameters relative to your local building code and regional best practices for managing moisture and water vapor in your area.

Coil Nails

Standard coil siding nails painted black

SKU# CNB20

- 6 penny (6d)
- 2" length
- 1800 pcs/box
